

Do YOU like to win every day? Are you passionate about fighting fake news? Can you jump in with both feet into the deep trenches of an amazing tech startup? Are you a self-starter who thrives under pressure and during intellectually stimulating challenges? Then this internship is for you!

Position Summary:

You will provide support to social media marketing campaigns for our mobile, tablet, and website apps. You'll collaborate with other fun and passionate team members to expose Oigetit's revolutionary fake news filter to consumers in the US, Asia, Southeast Asia, the Middle East, Nigeria and Europe. You should be a dynamic, creative, and enthusiastic person who is an active Internet user and uses social networks on a regular basis. Must be a self-motivated and detail-oriented team player.

Responsibilities:

- Creating, editing, and writing social media content on a daily basis for either Facebook, Instagram, Twitter, YouTube, Tik Tok, Snapchat, or LinkedIn platforms.
- Collaborate with the team to create social and video content
- Monitor analytics to identify viable ideas, trends, and growth patterns
- Participate in brainstorming sessions to share ideas, define strategy, and be instrumental in bringing them to life
- Keeping up with the latest news and finding articles that would be good to share on platforms

Who you are:

- A creative and multidimensional human that loves to tell a good story through photos, videos, and words
- Lives, eats, and breathes current events and pop culture
- Proficient in relevant social channels, including Instagram, Facebook, Pinterest, Twitter, and other emerging channels
- A quick thinker and problem solver.
- Interested in Marketing, Social Media, PR or Influencer Marketing,

Qualifications:

- A strong work ethic is a must. Must have a winning mentality, be reliable, honest, and trustworthy
- Excellent written and verbal skills
- Ability to meet goals & deadlines under pressure while multitasking
- Flexible schedule, work irregular hours in a fast-paced setting; occasional work nights/weekends

About the Founder & CEO:

You will have a unique opportunity to work with Franklin Urteaga, the Founder & CEO of Oigetit Fake News Filter. Franklin is a world-famous former White House Innovation Advisor to U.S. Presidents Bill Clinton & Obama. As a successful Silicon Valley entrepreneur, he helped to establish the online-dating industry worldwide by launching famous dating websites, including Christian Mingle & J-Date. Franklin is also a famous international speaker who has spoken in 12 cities throughout China and India.
